RECORD CROWDS ARE PREDICTED AS FAIR OPENS

Old Fairgoers Claim This Year's Event Greatest in History of County

RACES START TODAY

Seventy-Sixth Annual Affair Will Come to Close Saturday With Derby

The excitement and display program of the seventy-sixth annual Marion County Fair is in full swing, to-day with all of the numerous exhibits in place, the shows and races in progress, and the first two events in progress. With favorable weather conditions prevailing, the attendance is expected to be above the average of the usual World's day. Attendance figures are not due to each of the fair days and it is estimated that the crowds on the two days together with the throngs attracted to the Derby Day program on Saturday will bring the total attendance for the week some of the highest in the history of the county. Whether this year's fair is the greatest largely upon the whims of the weatherman and present conditions are that conditions in that respect will be favorable until the week's program is closed.

Deserves Attendance
That this year's fair is in every way deserving of attendance equally with any of the past is apparent from a survey of the many high class attractions which fill the grounds almost to overflowing. Residents of the county who have been attending the annual event for many years declare that never before has there been a greater number of interesting features in all department.

Displays and exhibits of exceptional interest greet the fair visitor from the moment that he enters the grounds. Turn To Page 14

COUNSEL FOR DAUGHTERY ASSERTS TRIAL UNFAIR

Demand That Hearing Be Declared Mistrial Denied by Judge Mack

New York, Sept. 15.—Another demand that the trial of Harry M. Daugherty, formerly attorney general, and Col. Thomas M. Miller, formerly attorney for the defense, be declared a mistrial was made in Federal Court today by Max Steiner, attorney for Daugherty. Judge Mack denied the motion.

The defense is not in a position to get a fair trial the way this case is being conducted. Steiner asserted with considerable heat Daugherty and Miller who are charged with conspiring to deprive the government of their unprepared services in connection with the return of \$7,000,000 worth of seized property belonging to the German controlled American Metals Co. listened to the plea of Steiner with keen interest.

The chief of the World War stalked the trial of Daugherty and Miller. "Chains Invisible Power"

Richard Merion, head of a German metal trust, took the witness stand and testified that the reason the German-owned Metallgesellschaft of Frankfurt on Main went to the man in New York was to get the money.

YOUTH CHARGED WITH FORGERY IN JAIL HERE

John Walker, Alias Leslie West, Held to Grand Jury Under Bond

Charles West, 19 years and issuing a check without sufficient funds wanted in three Ohio counties. John Walker alias Leslie West, 22, is in Marion County Jail today, awaiting the next session of the grand jury.

Walker was bound over to the grand jury under a \$10,000 bond Monday by Marion H. J. Thomas at Prospect, when he entered a plea of not guilty to presenting a check on the Prospect bank without sufficient funds to meet the check. The check is said to be signed by Leslie West. It was given as a payment on a bond purchased by the check writer.

During his hearing before Mayor Thomas Walker pleaded guilty to charges of forging the name of J. M. Northrup, residing north of Prospect, to an \$18 check which he presented to Smart & Waddell of this city as payment for a pair of shoes.

Arrested at Prospect

Walker was arrested on suspicion Saturday night by Marshal Joe Campbell just as he was leaving the village.

Since his arrest a number of checks bearing the name of Northrup and Leslie West made payable to West and J. H. Hill have been placed in the hands of officials at Prospect according to Mayor Thomas of that village.

The alleged forger was in custody Friday night and is expected to be held in jail.

REWARD FOR M'DERMOTT INCREASED TO \$10,000

Mazer and Rudner To Be Arraigned Friday; Lengel Files Appeal

Canton, Sept. 15.—Following a conference between Prosecutor McHugh and Detective John Slattery, Wednesday morning, it was announced the reward for the arrest of Dr. M'Dermott had been increased to \$10,000.

The reward is offered to any person who gives information leading to the arrest of M'Dermott. The former reward for the arrest and conviction was \$7,000.

There is small likelihood that Louis Mazer who is being turned over by federal authorities at Cleveland today to the Stark county authorities to answer a charge of first degree murder will reach this city before tonight. This will result in delaying arraignments and Ben Rudner in open court will come this Friday.

A J. Lengel, county police chief, filed an appeal from the order of the Mayor S. M. Swartz sustained by the Civil Service Commission and now it is before the court in Common Pleas Court. He will carry his appeal to the Supreme Court. He was held up a charge that he brought the M'Dermott murder investigation.

Issuing of that class comes under the province of the Interstate Commerce Commission.

Members of the licensing committee are the safety director, chief of police, chief of the fire department, city health commissioner and city auditor.

Most of the permits issued thus far are for the sale of wearing apparel.

and Licking Counties, where some of
the largest Legion posts are located.
Election to committee membership
makes Mr. Paschall one of the leading
figures in Ohio Legion circles, according
to information coming from officers of
the local Post, who predict his advance-
ment to still higher stations in the fu-
ture.

Military Service
Mr. Paschall has been prominent in
military circles in Marion and through-
out the state for years. He was in over-
seas service in the World War as an
officer of the Marion Company, which
was identified with the famous Rainbow
Division. His activities in military af-
fairs have continued since the war, the
rank of major having been conferred
upon him in recognition of his services.

Major Beck Honored
Another feature of the election of in-
terest to Marion people was the naming
of Major Charles Beck of Columbus as
treasurer of the state Legion organiza-
tion. Major Beck, who has visited here
on numerous occasions, is 72 years of
age and a veteran of three wars, the
Philippine, Spanish-American and World
Wars.

The nominating speeches for both

Paschall and Beck were made by Grant
E. Mosser, Jr., Marion City School
board member, to the Legion convention
from the Marion Post were Mr.
Paschall and J. J. Kneass as alternates.
Mr. Kneass was also delegate to the
convention of the Forty and Fifth
districts, a branch of the Legion. All of
the Marion delegation returned to their
homes Tuesday evening following the
convention.

Next year's state convention will be
held in Canton.

SKIRT, HAIR CODE FAILS
Frankfort, Ind., Sept. 15.—A resolu-
tion covering the length of skirts worn
by women of the Elmer Highness faith
was introduced at the church's annual
general assembly here. The resolution,
tabled after much discussion, required
that all women wear skirts not longer
than 9 inches from the
ground. Another resolution, also tabled,
was to the effect that no Elmer High-
ness woman more than 12 years old be
permitted to bob her hair.

WOMAN HEADS BIG DAILY
New York, Sept. 15.—Mrs. E. R.
Thomson, a few years ago an actress play-
ing leading roles of Broadway, recently
assumed the presidency of the Morning
Telegraph-Bronx House, she thus be-
came the only woman chief executive of
a New York daily. Mrs. Thomson is the
widow of F. R. Thomson, millionaire
sportsman, banker and owner of the
newspaper.

EMPLOYMENT INCREASING
Washington, Sept. 15.—Gains in em-
ployment were noted in many major in-
dustries during August. Prospects for
fall employment are bright, the de-
partment of labor reports in its survey.

Sale of Male Headgear For Fall Picks Up As Fashion Writes Taboo On Straws

All men who heed the dictates
of fashion authorities will dis-
card their straw hats today.
While the rule is not absolute,
in some communities it is so strict
that men are forbidden to wear
straw hats in the city streets after
Sept. 15. In a number of places
the police are patrolling the streets
and checking the hats of their
acquaintances.

There is a record of such acts
of lawlessness ever since the
Marion in the past, however, so
that those who desire to wear their
independence by flouting straw
hats will still wear them for a
change in policy are reasonably
safe.

Marion men in general have not
waited for the official word of the
season to abandon their straw
hats, according to reports from local
clothing and haberdashery stores.
The sale of fall hats has already been
the largest in several years and a
consequence only a few straw
hats remain in stock in the city
streets.

Fall Hats Snappy
The new fall styles are of the
snappy, youthful variety. There is
little distinction now between hats
worn by young men and those of
more mature years.

"There are no longer any old
men, as far as hat styles are con-
cerned," is the comment made today
by a clerk who has been in the
employment of local haberdashery
stores for the last 15 years.

There are several hats, of course,
for men who have reached middle
age or a still more advanced period
in life, but the market for these

styles is not large. They are and
other symbols of mature years do
not present a picture of a man
to the public eye. The new styles
are by men who are young and
beardless. They are the hats of
the future, and they are the hats
of the present.

Tan and Gray Popular
The most popular colors for the
new fall hats are tan and gray.
The tan hats are made of straw
and are the most popular of all.
The gray hats are made of felt
and are the most popular of all.

Undergoes Operation
Mrs. W. F. Buel, Route No. 4,
Marion, underwent an abdominal opera-
tion at City Hospital, early yesterday.

through the summer months, as
given as the chief cause of the
abdominal distention and straws.

As a consequence, the men who
waited for the new hats to be
made, which in the past had
been made at a cost of \$2.00, found that they
had waited in vain. There were
some good reduction sales, but none
which offered the exceptional bargains
of former years.

Pimples

What can I do?

"O H, why can't I have a skin
like other girls? Why do I
have to have these ugly pimples,
blackheads and blotches?"

"If I could only find something
that would clear up my skin and
give me back my soft, rosy com-
plexion, I know I would be the hap-
piest girl in the world! What can I
do?"

Is that you talking? If it is, you
don't have to worry a minute! Just
build up the rich, red blood in your
body. Then your skin will be as
clear and soft as anybody's.

That's what S. S. S. has been do-
ing for generations—helping Na-
ture build rich, red blood! You can
build red blood cells so fast that the
impurities that cause breaking out
on the skin hardly get into the sys-
tem before the pure blood annihi-
lates them—kills them right out—
stops them from breaking out
through the skin.

And then this rich, red, pure
blood feeds and nourishes the tis-
sues of the skin and keeps it look-
ing healthy.

That's all there is to it. Healthy,
vigorous red blood such as S. S. S.
helps Nature build,
makes you healthy
all over. It beautifies
your skin—drives
away pimples, black-
heads, blotches, rash,
boils and eczema—
gives you back your appetite—
builds firm, plump flesh and fills
you full of new life and energy.

All drug stores sell S. S. S. Get

nomical.

from Glenview and State St. buildings
will be included in the classes at Central.

Miss Keefer will also have classes
at the various grade schools every two
weeks. The complete schedule in

The NEW EASY WASHER

Washes while it Dries

SMOOTHLY, quietly and quickly—
The New Easy Washer will remove
washday griefs forever from your home.
For the first time the New Easy gives
you a washing machine that will wash
one batch of clothes and dry another
batch at the same time—without a
wringer.

The new Easy Washer has two tubs
—one for washing, the other for drying.
Each tub holds as many clothes as are
equal to eight double sheets. While the
large tub is washing one batch, the small
tub dries another, and as a result of this
unique feature washing time is cut in
half.

Linens are never wrinkled by the
Easy's marvelous new dryer. Buttons
simply can't come off. There's no irri-
tion or strain on the clothes. If you must
wash on a cold or rainy day you can run
the Easy's dryer a little longer and start
ironing at once.

Handles all the water
The new Easy makes its own snap-
suds for you without wasting a drop.
It recovers the soapuds from the clothes
and returns them to the wash tub. It
sends the rinse and the blue waters back
from the dryer to the rinse and bluing
tubs. It even empties itself into the sink
when you're all through washing.

Let us show you the wonders of this
New Washer in your own home on your
next washday. We will gladly do your
next week's washing without charge or
obligation to you. Phone us now.

TELLS COOLIDGE TO SEEK FULL DEBT PAYMENT

Senator Caraway Incensed Over Anti-American Sentiment in France

Washington, Sept. 15.—A challenge to President Coolidge to demand from France payment in full of "complete reparation" of her \$149,000,000 war debt was voiced here today by Senator T. H. Caraway, democrat of Arkansas, just returned from an European tour.

March incensed at the anti-American sentiment in France, Caraway declared the present debt funding agreement "smothering half the debt," and giving the French people 12 years to "pay the

reparation," should be abandoned. He called on the president to "take this action and make an ultimatum to France to pay in full or repudiate in full," the money loaned her by the American people during the war. No other action, said Caraway, will restore American prestige abroad. Like a host of other members of the majority delegation of the senate, Caraway is opposed to the French government's attitude on the debt question, but favored the "comprehensive discharge" of the French people for the nation which repaid them during the war.

"As every other American, it is impossible to suggest cancellation of the French debt," said Caraway. "I feel President Coolidge has an opportunity of a lifetime to be a real American and I fear he won't avail himself of the chance."

Takes Courage, Claim
"He should announce to the French government that we can not accept a plan in settlement of this debt which is tantamount to the continuation of the loan to the French people."

President Coolidge should tell the French people that we are not going to pay the debt in full or repudiate it entirely. He should say, 'The American people will not accept a penny tainted with contempt.'"

If the president took this step, Caraway declared, it would stop the anti-American sentiment in Europe.

"If we don't do it," he warned, "we are going to be treated and treated until we are the most hated people on earth and all without any excuse."

The French people can easily pay the whole American debt, Caraway said. Their present economic disaster, if any, he said, is due entirely to the unwillingness of the French people to pay taxes to be taxed.

"It takes courage to call the French bluff," Caraway declared. "I am afraid President Coolidge will not do it because no one has ever accused him of having courage."

Fifty Kent Division Workers Join Erie Veterans' Body At Community House Meet

All Those Who Have Been in Railroad Company's Service for 20 or More Years Eligible to Membership in Organization

Fifty men of the Kent Division, Erie Railroad, who have been in the employ of the Erie Railroad Co. for 20 years or more, joined the Erie Veterans' Association last night, during a meeting held in the Community House, S. H. Hupat.

A. L. Deane, agent of the Station Transfer of the Erie Railroad, having charge of the local yards, was unanimously chosen vice president of the organization. No other officers were elected.

J. L. Deane, of New York, president of the Erie Veterans' Association, who was present at the meeting, explained the purpose of the organization, and received applications for membership. All present at the meeting handed in their applications last night and were made charter members of the association here.

The Erie Veterans' Association now has more than 1,700 members on the Kent Division.

A. Whelan, oldest member taken into the organization last night, Mr. Whelan is a conductor on trains 3 and 4 of the Erie.

Mr. Whelan began work with the Erie Railroad Co. in 1894, helping construct the line through this city. In

1899 he was promoted to the position of freightman, and since that time has gained promotion to the position of the passenger train.

While 50 men were taken into the association last night many more are expected within the next few weeks. Membership blanks are being distributed to the local yards, H. H. Hupat, A. L. Deane, Robert Henry, J. W. Fies and E. Y. Nusselt, of the Erie office.

Record Freight Week
More cars were loaded with revenue freight for the week ended Aug. 29 than ever before for any one week on record, according to reports filed by the carriers with the War Service Department of the American Railway Association.

The total for the week was 1,130,235 cars.

The extraordinary traffic increase during this week is expected to break even this record.

The new record exceeds by 11,795 cars the previous high mark for all time established during the corresponding week of Aug. 29, 1926, at which time 1,118,435 cars were loaded.

Erie Pay Day
Yesterday was pay day for all men on the Kent Division, Erie Railroad, G. H. Hupat, local agent of the Erie freight station, acted as paymaster.

Boy's Picture
A picture of Harry C. Fleming, two-and-a-half-year-old grandson of Kent Division Engineer D. H. Guck, who operates engine No. 4265 in fact freight service between Marion and Kent, is shown in the current issue of the Erie Railroad Magazine.

The photograph shows the grandson, sitting in a car, evidently preparing to follow the occupation of his "granddad."

Works for Erie 50 Years
Charles Deitel, locomotive engineer on the round service of the second district of the Kent Division Erie Railroad, of which Marion is a part, has been in the employ of the Erie Railroad Company for almost 50 years.

He was born in Brooklyn, N. Y., 73 years ago and has lived in Marion for the last 55 years.

For 14 years he was a locomotive fireman. When the railroad was made standard gauge he was firing on a passenger run between Marion and Lehigh. His engine was the first to go over the new standard gauge between the points named.

For a number of years, Engineer Deitel has been in charge of the Kent Division and handles the trains like a master. Recently he brought a full tonnage train from Dayton to Marion in four hours and 20 minutes.

This record is considered one of the best established when all inevitable delays are considered.

HERE'S MORE ABOUT
ALLEGED FORGER
STARTS ON PAGE 1

W. Northrup, hay later, residing north of Prospect, according to Mayor Thomas.

Cheeks bearing the name of "Northrup" immediately began appearing in Marion and Waldo. The Richman Clothing Co. of this city, cashed a \$20 check when Walker is said to have purchased a new suit of clothes. Mayor Thomas of Marion also cashed a check for \$20 when the young man is alleged to have bought a new suit.

Stuart & Wadell, shoe firm, of this city filed the affidavit charging Walker with forgery after it received a check for \$15 in payment for shoes.

Waldo Compliments
The Waldo Bank, Waldo Restaurant, and Kluge's Garage of Waldo suffered at the hands of the alleged forger, Mayor Thomas said. The checks presented to them carried the signed name of "Northrup" and were made payable to "Leslie West" and "E. H. Hill." Reynolds Tire Shop at Prospect, was also presented with a false check.

Walker is said to have left Prospect Friday night but returned again Saturday, evidently to procure \$10.25 owed to him by Northrup as wages.

When he was again about to depart, he was nabbed by Marshal Lou Carpenter.

Wanted at Delaware
Walker is wanted by officials in Westerville, Delaware, and Croton. Mayor Thomas said. At Croton he is sought on charges of auto theft. He has served a term of six months in Delaware and has paid a fine of \$100, Thomas claims. Officials are again seeking him on other charges, according to the Prospect mayor.

The forgery charge is late for the meeting of the grand jury for the September term of court and will not be considered until January.

Concrete streets always remain true, even and rigid

One Secret of Long Island's Prosperity Is Out

Over the roads and streets of Nassau and Suffolk Counties, Greater New York floods Long Island with traffic. It is probably the heaviest traffic in the world, outside of the larger cities.

These two counties and their cities are solving the problem of having good roads, permanent roads, low-maintenance roads and streets by paving with concrete. Values are on a steady upward curve. Property owners, business men, officials say these fine concrete roads and streets are helping do it.

Starting in 1917, Nassau and Suffolk Counties—and their towns—have laid concrete pavement every year. Today they have a total of nearly 2,000,000 square yards of safe, clean, cheaply-maintained concrete roads alone.

Concrete is safe pavement for traffic in any weather. It is also a safe investment for any community anywhere.

No wonder more than 1,000 cities and towns laid concrete streets in 1925.
